## Installing brushes

1. This pack has been designed to be used within '**Pixel Persona**' mode, so let's switch to that mode.
2. Go to the **Brushes Panel**, click on the top right menu and choose "**Import Brushes...**"
3. Locate the 3 files that came with your purchase (Texturizer-A, Texturizer-B, Texturizer-C, Texturizer-D) and install them.

That's **all** folks!
